

July 31, 2014

To Whom It May Concern;

This letter is to serve as confirmation and certification that all M&G DuraVent products are manufactured in the United States of America. The one exception is a plastic pipe product line called PolyPro®, currently manufactured at our parent company's (Muelink & Gro) facilities in The Netherlands.

M&G DuraVent, Inc. operates manufacturing facilities in Vacaville, CA and Albany, NY.

Sincerely,

Andrea Rickett
Marketing Manager
