

Introducing NEW DuraLiner 5" Round Tee w/ 6" Branch

DuraVent is offering a new 5" Round Tee w/ Cap and 6" Branch. Use to connect between masonry wall thimble or stove connector pipe to 5" round DuraLiner.

Features:

- Slimmer 5" diameter is suited for re-lining applications within a tight flue, yet features a 6" branch to match up with standard 6" smoke-pipe.
- Horizontal connection is eccentric which helps with cleaning.
- Eliminates the need for a reducer.
- Branch is removable.
- Cap included
