DuraVent Product Bulletin

Flame and Smoke Rating

PolyPro attains Flame Spread / Smoke Developed ratings of <25 / <50 (per UL-723, ASTM E-84, and ULC-S102) when used in conjunction with the below noted materials:

- 3M Fire Barrier Plenum Wrap 5A+
- Unifrax FyreWrap 0.5 Plenum Insulation
- Knauf Insulation Atmosphere Duct Wrap with ECOSE Technology
- Alternate equivalent listed product

Always follow the particular installation instructions from the insulation wrap manufacturer, in addition to those for the PolyPro vent system. The venting system shall be securely supported using suitable hangers installed after the pipe has been properly wrapped. Hardware must not deform or damage the vent or wrap.

Fire Rated Penetration

For PolyPro vent systems passing through 1 hr / 2 hr fire-rated separations, engineering judgements are available for fire-stopping.
