

## DVL® & DuraBlack® Chimney Adapters

DuraVent is proud to announce an improved version our DVL/DuraBlack Chimney adapter!

The added height of this adapter will make your install easier than ever.

This chimney adapter with trim is used to connect from Double-Wall DVL and/or Single-Wall DuraBlack to DuraTech, DuraPlus, and DuraLiner for a through the wall or ceiling support installation. Required for proper connection and made of stainless steel.

**Note: Not to be used with DuraTech Canada or DuraTech Premium.**
