# DuraTech<sup>®</sup> Pass-Through Radiation Shield

**AVAILABLE IN MARCH 2024**

Duravent is pleased to introduce our latest DuraTech product, the Pass-Through Radiation Shield, designed specifically for when an insulated chimney passes up through a ceiling. This new product has several standout features designed for safety and efficiency in chimney installations:

## FEATURES

- Suitable for flat, vaulted, or cathedral ceiling applications
- An integrated Firestop on bottom
- Top serves as an Attic Radiation Shield where required
- Factory insulation and square-to-round collar are included
- Effective height (length) with extension is adjustable from 24" up to a maximum of 36"
