# DURASEAL®

## SINGLE & DOUBLE WALL SPECIAL GAS VENT

### DuraSeal DS, DSD, DSID, & Flex

DuraSeal features a smooth weld seam inside and out, which is completely shielded during the welding process. Contamination or molecular changes in the weld seam are avoided and no fillers are used in the welding process. The DuraSeal double-wall system is fully interchangeable with our DuraSeal single-wall system. Both have been conformed to UL1738 and certified to ULC-S636 safety standards. When installed according to DuraVent installation instructions, DuraSeal meets all test requirements for horizontal and vertical, interior or exterior installations. DSID features the same construction as DSD, but with 2" air space filled with mineral wool insulation.

Features	Benefits
Laser welding	<ul style="list-style-type: none"> <li>Reinforces strength</li> <li>Prevents leakage</li> <li>Increases durability and reliability</li> </ul>
Built-in Secure Lock system	<ul style="list-style-type: none"> <li>Provides quick and easy assembly and disassembly</li> <li>Requires less time on the job site</li> </ul>
DuraSeal sealing gaskets	<ul style="list-style-type: none"> <li>Self-sealing, so there's no need to apply sealing material when pieces are joined together</li> <li>Easier and faster installation</li> </ul>
Standard adjustable vent length	<ul style="list-style-type: none"> <li>Provides vertical or horizontal adjustment for easy system pitching</li> </ul>
AL29-4C stainless steel standard or 316L stainless steel alternative	<ul style="list-style-type: none"> <li>Resists the extreme corrosive environments found in condensing boilers</li> <li>Assures safe and trouble-free operation</li> </ul>
Proven track record	<ul style="list-style-type: none"> <li>Conformed to UL1738 and certified to ULC-S636</li> <li>Type L: Listed to UL-641 and ULC-S609 (DSD/DSID)</li> <li>15-year warranty</li> </ul>
All accessories made of stainless steel	<ul style="list-style-type: none"> <li>For durability</li> </ul>
