

Raypak Approves PolyPro Single-Wall and Concentric Pipe

May 29, 2015

Vacaville, CA - M&G DuraVent announced that it has obtained a key approval for PolyPro Venting Systems. PolyPro single-wall and concentric pipe have been approved for Raypak's model XPakFT Boiler and X94 Condensing Gas Pool Heater.

When using the PolyPro venting system, the vent pipe requirements stated in the unit installation instruction – minimum & maximum vent lengths, termination clearances, etc. – apply and must be followed. Follow instructions provided with PolyPro's venting system where applicable or if requirements are more restrictive.

About M&G DuraVent

M&G DuraVent is a recognized technological leader in the venting industry. All M&G companies, including DuraVent, exclusively develop, manufacture and market a wide range of flue and vent products in aluminum, stainless steel and plastic for the HVAC and hearth industry. M&G is the largest supplier of engineered venting systems for the high-efficiency heating market in Europe for 20 years.
