DuraTech® Support Boxes with Integrated Flue Extensions

AVAILABLE IN MARCH 2024

Duravent is pleased to introduce a new support box design with an integrated flue extension. These new support box designs allow the stovepipe to connect directly to the ceiling support without the need for a separate chimney adapter.

FEATURES

- Available in 5", 6", 7" and 8" diameters
- Connects directly to DVL and DuraBlack stovepipe
- Supports up to 60' of DuraTech chimney
- Models available for flat and cathedral ceilings
- Square, Round, Reduced Clearance, Square with Collar, and Flat models available
- Square and Round trim collars available
- Painted black

Please see the back of this page for part numbers and descriptions.
